

APPLICATION FOR PERMIT TO CONSTRUCT DRAIN TILE CROSSING ON O'BRIEN COUNTY SECONDARY ROAD RIGHT-OF-WAY

Applicant: _____ Location: _____ feet (N S E W) of _____ corner

Name: _____ Section: _____ Quarter Section: _____

Address: _____ Township: _____

City, State, Zip Code: _____ Avenue or Street: _____

Phone: _____ Tiling Contractor: _____

Tile Size: _____ inches Estimated Cost, tile and labor: \$ _____ Contractor's cell phone number: _____

Date: _____ Depth below bottom of road ditch: _____

AGREEMENTS:

The applicant agrees that the following stipulations shall govern under this permit:

1. The applicant or the contractor shall notify the county engineer's office in Primghar, phone 957-3425, a minimum of 24 hours prior to construction of the crossing. Also prior to construction, applicant will deliver or mail this application to the County Engineer's Office, P.O. Box 410, Primghar, Iowa 51245.
2. Tile crossings shall be non-perforated solid wall PVC pipe and constructed as follows:
 - a. Paved roads - tile lines are to be placed through the subgrade by jacking, or by boring a hole just large enough for the tile or pipe.
 - b. Gravel or dirt roads - tile lines may be placed in a open trench, to be back-filled with gravel and compacted.

The road surface, slopes, and road ditch shall be left in smooth condition, and shall be approved by the county engineer or his representative prior to the contractor leaving the project.

3. The applicant or the contractor shall implement the necessary precautions during the construction of said tile line to protect the traveling public and adjacent property owners, and save O'Brien County harmless of any damage of losses that may be sustained by the traveling public or adjacent property owners because to such construction operations.

This Permit does not constitute consent, implied or otherwise, to allow connections to existing drainage appurtenances.
